

## Supplementary Material

### John Michael Arthur Chappell, 1940–2018

Brad Pillans<sup>A,\*</sup>

<sup>A</sup>Research School of Earth Sciences, The Australian National University, Canberra, ACT 2601, Australia

\*Correspondence to: Email: [brad.pillans@anu.edu.au](mailto:brad.pillans@anu.edu.au)

## Publications by John Chappell, in broad topical groups.

### Quaternary, excluding sea level studies.

1. Stipp, J.J., Chappell, J., & McDougall, I. (1967) K/Ar age estimate of the Plio-Pleistocene boundary in New Zealand, *American Journal of Science* **265**: 462-474.
2. Chappell, J. (1968) Changing duration of glacial cycles from lower to upper Pleistocene, *Nature* **219**: 36-40.
3. Chappell, J. (1970) Quaternary geology of the southwest Auckland coastal region, *Transactions of the Royal Society of New Zealand*, **8**: 133-153.
4. Veeh, H.H. & Chappell, J. (1970) Astronomical theory of climatic change: support from New Guinea, *Science* **167**: 862-865.
5. Chappell, J. (1974) Geology of coral terraces, Huon Peninsula, New Guinea: a study of Quaternary tectonic movements and sea level changes, *Geological Society of America, Bulletin* **85**: 553- 570.
6. Chappell, J. (1975) Upper Quaternary warping and uplift rates in the Bay of Plenty and west coast, North Island, New Zealand, *New Zealand Journal of Geology and Geophysics* **118**: 129-155.
7. Chappell, J. (1975) Geology of coral terraces, Huon Peninsula, New Guinea: reply to discussion, *Geological Society of America, Bulletin* **86**: 1484-1486.
8. Chappell, J. & Veeh, H.H. (1978) Upper Quaternary tectonic movements and sea level changes at Timor and Atauro Island, *Geological Society of America, Bulletin* **89**: 356-368.
9. Thom, B.G. & Chappell, J. (1978) Termination of last interglacial episode and the Wilson Antarctic surge hypothesis, *Nature* **272**: 809-810.
10. Chappell, J. & Grindrod, A. (1983) (Eds.), *Proceedings of the First CLIMANZ Conference* (Dept. of Biogeography & Geomorphology, ANU Canberra), 2 vols.
11. Chappell, J. & Grindrod, J. (1986) Pollen analysis: key to past mangrove communities and successional changes in north Australian coastal environments, in K. Bardsley, J. Davie, & C. Woodroffe (eds.), *Coasts and Tidal Wetlands of the Australian Monsoon Region: Mangrove Monograph 1* (NARU, Research School of Pacific Studies, ANU Canberra): 225-238.
12. Chappell, J. (1988) The Quaternary Environmental Record, *Global Change* (Australian Academy of Science, Canberra): 24-29.
13. Chappell, J. (1990). Some effects of sea level rise on riverine and coastal lowlands, in P. Bishop (ed.), *Lessons for Human Survival: Nature's Record from the Quaternary. Geological Society of Australia Symposium* **1**, 37-49.
14. Chappell, J. (1991) Late Quaternary environmental changes in eastern and central Australia, and their climatic interpretation. *Quaternary Science Reviews* **10**, 377-390.
15. Brierley, G. & Chappell, J. (eds.), (1991), *Applied Quaternary Studies Workshop*, Edited Proceedings. Department of Biogeography & Geomorphology, RSPAS, Australian National University, 148 pp.
16. English, P., Spooner, N.A., Chappell, J. Questiaux, D.G. & Hill, N.G. (2001). Lake Lewis basin, central Australia: environmental evolution and OSL chronology. *Quaternary International* **83-85**: 81-101.
17. Wang P-X & Chappell, J. (2001). Foraminifera as Holocene environmental indicators in the South Alligator River, Northern Australia. *Quaternary International* **83-85**: 47-62.
18. Williams, M., Prescott, J.R., Chappell, J., Adamson, D., Cock, B., Walker, K. & Gell, P. (2001). The enigma of a late Pleistocene wetland in the Flinders Ranges, South Australia. *Quaternary International* **83-85**: 129-144.
19. Keirnan, K., Fifield, L.K. & Chappell, J. (2004). "Cosmogenic nuclide ages for Last Glacial Maximum and earlier glacial advances at Schnell's Ridge, southwest Tasmania." *Quaternary Research*.
20. Fujioka T, Chappell J, Honda M, Yatsevitch I, Fifield K, Fabel D. (2005). Global cooling initiated stony deserts in central Australia 2–4 m.y. ago, dated by cosmogenic  $^{21}\text{Ne}$ - $^{10}\text{Be}$ . *Geology* **33**: 993-996.
21. Fujioka, T., Chappell, J., Fifield, L.K. & Rhodes, E.J. (2009). Australian desert dunes initiated with Pliocene Pleistocene global climatic shift. *Geology* **37**: 51-54.

22. Fujioka, T., & Chappell, J. (2010). History of Australian aridity: chronology in the evolution of arid landscapes. *Geological Society, London, Special Publications* **346**: 121-139.

## Sea-level studies

23. Bloom, A.L., Broecker, W.S., Chappell, J., Matthews, R.K. & Mesolella, K.J. (1974) Quaternary sea level fluctuations on a tectonic coast: new 230-Th/234-U dates from the Huon Peninsula, New Guinea, *Quaternary Research* **4**: 185-205.
24. Chappell, J. (1974) Relationship between sea levels, O-18 variations and orbital perturbations during the past 250,000 years, *Nature* **252**: 199-202.
25. Thom, B.G. & Chappell, J. (1975) Holocene sea levels relative to Australia, *Search* **6**: 90-94.
26. Chappell, J. & Polach, H.A. (1976) Holocene sea level change and coral reef growth at Huon Peninsula, New Guinea, *Geological Society of America, Bulletin* **87**: 235-240.
27. Chappell, J. & Veeh, H.H. (1978) Th-230/U-234 age support of an interstadial high sea level of -40m at 30,000 B.P., *Nature* **276**: 602-603.
28. Thom, B.G. & Chappell, J. (1978) Holocene sea level change: an interpretation, *Philosophical Transactions of the Royal Society of London* **A291**: 187-194.
29. Chappell, J. & Veeh, H.H. (1978) "Th-230/U-234 age support of an interstadial high sea level of -40m at 30,000 B.P.", *Nature* **276**: 602-603.
30. Aharon, P., Chappell, J. & Compston, W. (1980) Stable isotope and sea-level data from New Guinea supports Antarctic ice-surge theory of ice ages, *Nature* **283**: 649-651.
31. Chappell, J. (1981) Relative and average sea level changes, and endo-, epi-, and exogenic processes on the earth, *Sea Level, Ice, and Climatic Change* (IAHS Publ. no.131): 411-430.
32. Chappell, J., Rhodes, E.G., Thom, B.G. & Wallensky, E. (1982) Hydro-isostasy and the sea-level isobase of 5500 B.P. in north Queensland, Australia, *Marine Geology*, **49**: 81-90.
33. Chappell, J. (1983) Aspects of sea levels, tectonics, and isostasy since the Cretaceous, in R. Gardner & H. Scoging (eds.), *Mega-geomorphology* (Clarendon Press, Oxford): 56-72.
34. Chappell, J. (1983) A revised sea-level record for the last 300,000 years from Papua New Guinea, *Search*, **14**: 99-101.
35. Chappell, J. (1983) Evidence for smoothly falling sea-level relative to north Queensland, Australia, during the past 6000 years, *Nature*, **302**: 406-408.
36. Chappell, J. & Shackleton, N.J. (1986) Oxygen isotopes and sea level, *Nature* **324**: 137-140.
